

AI and Biotechnology/Bioinformatics Research Internship (2025) (Starts from July 24, 2025)

Congratulations and welcome to the research internship program !

We appreciate your interest in this program. We are optimistic that this opportunity will be a beneficial addition to your professional development.

We have decided to award certificates to the most outstanding candidates, as the number of participants exceeds our capacity. Consequently, please adhere to each instruction and assignment meticulously within the designated time frame.

We will consider hiring the top two candidates who exhibit the necessary skills to contribute to the company's growth.

Please read the instructions below carefully for further guidance on the internship structure, requirements, and workflow.

1. Requirements

- Subscribe to Our YouTube Channel.
All the lectures will be streamed there [@AIandBiotech](#)
- Join Discord community for further guidance & instructions: [Discord Channel](#)
- Create a GitHub account
To submit and showcase your practical work & final project
- Join us on Kahoot App for quizzes and assessments: [aibiotechinfo](#)
- Create a LinkedIn account
To showcase your learning and stay motivated during the internship. Don't forget to mention us using tags:

@AI and Biotechnology/Bioinformatics
Hashtags #AIandBiotech #ResearchInternship

- Follow Our Official Pages Stay updated with internship reminders, practical tips, and community activities:

LinkedIn: [@AI and Biotechnology/Bioinformatics](#)

Facebook: [@AI and Biotechnology/Bioinformatics](#)

Please ensure you have followed these pages (if you haven't yet) to receive more updates on our upcoming courses in next coming months, including topics such as drug design with AI, toxicity assessment & machine learning pipeline development

2. Internship Workflow

- **Live Theory Sessions**
 - » Held Friday to Sunday on YouTube Live from 09:00 to 10:30 Pm Berlin Time (European Time).
 - » Recordings will be available for those who cannot attend due to time zone differences.
- **Practical Tutorials:**
Shared Monday to Thursday (pre-recorded) on YouTube Channel.
- **Questions & Discussions:**
Use discord community to post your questions related to practical and theory sessions.
- **All the codes and R scripts can be access to this GitHub repository:**
[Research Internship 2025](#)

3. Task Submission and Certification

- **Weekly Task:**
 - » Each week, a practical task will be released.
 - » You must complete and submit it before the deadline.
 - » At the end of the internship you have to submit mini project.

➤ **Deadlines:**

- » Soft Deadline: Sunday (end of the week).
- » Harsh Deadline: Tuesday of the following week.

➤ **Certification Policy:**

- » Interns who miss submitting two consecutive tasks within the deadlines will be disqualified from receiving the certificate.
- » However, interns can continue to access course materials and complete the internship without certification if desired.
- » Project and report submission will be part of your certification requirements.

As this is a short-period internship, interns are expected to dedicate at least 1 hour daily to complete all tasks within the deadlines.

List of Selected Candidates

Names Of Selected Candidates
A.S.Vigneshwar
Aabha P Shams
Aafreen Khan
Aamina
Aamir Ajmal
Aamna Dilshad
Aaron Kipngeno
Aarthi R
Aarushi
Aashi Sharma
Aastha
